Sun An charges at you and runs straight into your arm, outstretched in an iron pipe. As he falls backward, you follow him with an axe kick. He rolls out of the way, but your kick shatters the edge of the platform and sends tremors into the scaffolding below. The platform tilts precariously as one stabilizing corner collapses.

- I keep my ground. A little tilt of the platform won't dissuade me.
- I take the fight to the air, using the platform only for brief moments to touch down.
- I jump over the edge of the platform to take the fight to the scaffolding below.
